**Re: Modernizing the Form 477, WC Docket No. 11-10**

Dear Ms. Dortch,

On July 12, 2018, Steve Morris of NCTA – The Internet & Television Association, Lynn Follansbee of USTelecom – The Broadband Association, Michael Jacobs of ITTA – The Voice of America’s Broadband Providers, and Tom Cohen of Kelley Drye & Warren, on behalf of the American Cable Association, met with Steve Rosenberg, Ken Lynch, and Suzanne Mendez of the Wireline Competition Bureau, to discuss the above-referenced proceeding. In the meeting, we expressed support for the Commission’s efforts to identify unserved areas through the collection and mapping of data from the existing Form 477. In assessing proposed changes to the Form 477, we encouraged the Commission to focus on alternatives that would avoid unnecessary administrative and financial burdens for broadband providers and for the Commission itself.

Respectfully submitted,
